

DEMENTIA & DISABILITIES SUPPORTIVE SERVICES PROGRAM —  
INTRODUCTION TO DOWN SYNDROME &  
ALZHEIMER'S DISEASE

People with Down syndrome are at increased risk of developing Alzheimer's disease. This program will discuss this increased risk and how to respond to changes in those who are dually diagnosed. Topics covered include how Alzheimer's disease presents differently in those with Down syndrome, expected behavior and other changes by stage, best practices for detecting memory loss in this population and how to best interact in those with Down syndrome and Alzheimer's disease.

**Registration is free and includes 2 Social Work CEUs!**

**JOIN US FOR THIS ALZHEIMER'S ASSOCIATION TRAINING!**

**Thursday, March 28, 6-8 p.m.**

**On My Own of Michigan**

**1250 Kirts Blvd., Suite 300, Troy**

Please call (248) 649-3739 ext-228 or email [rachel@onmyownofmi.org](mailto:rachel@onmyownofmi.org)  
to sign up for this education program.
