

OVERCOMING ODDS & MAC PRESENTS

# SEEING IS BELIEVING

Don't let your past stop you from your future.

Don't let your fears stop you from your dreams.

Don't let your present stop you from being you.

Join us on March 16th in Ann Arbor, MI for a day of workshops, brought to you by Michigan Adoptee Collaborative and Overcoming Odds, focusing on helping you unleash your unique abilities to surpass your own limitations and create the quality of life you desire, networking with like-minded individuals, learning from insightful speakers, and of course, lunch & refreshments.

SAVE THE DATE

MEET THIS YEAR'S

## SPEAKERS

Abused. Neglected. Silenced.

They've all lived through one or all of the above.

Instances that most, if not all of us, can relate to, but don't often know how to deal with.

Each speaker has been where you are.

Each one is here to share ways we can improve our own lives, in order to form actionable steps toward a more courageous world.
