**5:30-8:30 p.m. Room 103A/B**

**3 Training Hours with Certificate**

Early learning environments should be a nurturing and supportive space that encourages positive interactions between children. It should be safe, stimulating and developmentally appropriate. High-quality environments provide opportunities for children and adults to interact and play together in a variety of settings. Please join us as we learn some great information on social emotional development and how to implement that in our learning environments!
