FAMILIES *in* ACTION

Families in Action is an educational program designed specifically for people with a loved one experiencing a serious form of mental illness.

Through a series of ten, 2-hour weekly sessions, facilitated by family members trained by NAMI-Michigan, you will learn about:

- Families Wants and Needs
- Recovery as a Process of Hope
- Community Resources
- Signs and Symptoms
- Medications
- Stress Management
- Communication Skills
- Dual Diagnosis
- Dealing with Difficult Symptoms
- Supporting Recovery

Our goals are to help family and friends with a loved one diagnosed with a mental illness:

- Discover ways to help their family member be as healthy, happy, and independent as possible
- Experience for themselves how to become effective partners in their family member’s treatment plan
- Understand mental illness and how it affects the family
- Help the ill family member work toward recovery
- Learn how to cope with stress
- Experience a supportive environment
