You are invited to be a part of the community with live music, food, and a day to remember as One Love Global celebrates our grand opening of our new location. We are excited to fill the space with warmth and community.

The community center will be home to youth organizing, youth entrepreneurship, racial equity, arts, learning, Black liberation, healing justice, and community transformation.

One Love Global helps people across generations learn about and practice Racial Equity in their lives, work, and communities. Central to this is helping Young Organizers to realize their Political Power and lead.

We believe support for young leaders and organizers is essential to their success and to sustain the collective, long-term work of social change for generations to come.
