Suicidal Ideation Family Teams

AMI

Alliance for the Mentally Ill

Presents the 1st Support Group for Families/Friends of loved ones who are presently Suicidal. We have achieved over one year of powerful meetings. SIFT/AMI has been honored. We have been invited to relocate to The Friendship House of West Bloomfield Township, Michigan.

Our group is devoted to the family and friends of loved ones who have suicidal thoughts. The purpose of the group is to bond together in order to support one another. All of us have searched for information and support from others who have experienced having a family member who is suicidal. It is an alone experience. We give hope, options and positive reinforcement. We share specific programs for ourselves to feel good. All family and friends are welcome. When we help others, we help ourselves.

The group takes on a persona of its own as each person shares their concerns and what has worked for them. Being with people who understand the emotional upheaval for all those who love the sick person is priceless. This is a lay support group.

All information is CONFIDENTIAL.

We thank you in advance for distributing our flyers to the therapeutic leadership in hospitals and outpatient clinics and/or emailing to your organizational membership.
