Drug Take Back Train-the-Trainer Workshop

Wednesday, August 15, 2018

The Faith Community throughout Macomb County is instrumental in providing support and guidance to the community in times of need.

The Operation Rx Faith-Based Subcommittee is organizing a workshop aimed at mobilizing efforts to further reduce the burden of the opioid epidemic on our families, neighbors, friends, coworkers, and parishes. Please consider being apart of the solution by participating in this workshop to learn how your place of worship can support drug take back sites during the next Drug Enforcement Agency's National Take Back Event in October 2018.

More details to follow!
