

WE WANT YOU!

Go Green!

Go White!

Michigan State University Extension is recruiting High School youth to assist with summer programming

Macomb County 4-H is offering volunteer opportunities to high school teens who would like to assist with 4-H summer programming. Teen Volunteers will get the opportunity to earn community service hours while gaining leadership development skills and hands-on work experience while assisting 4-H program instructors.

Teen Volunteers are needed for two programs which will be held in Warren at the Max Thompson Community Center:

- A Day in the Garden – Held on Tuesdays during the summer, this program teaches young children gardening skills, plant care, and vegetable identification.
- A one week 'day camp' to be held August 5th -9th, 2024.
