In-Person Workshop: Including All of Us

Description:

Including All of Us is an intensive training to provide an opportunity for child care professionals to learn about issues of diversity, equity and inclusion in early childhood. Including All of Us includes group content, where early childhood professionals can explore their own beliefs, worldviews and understanding of issues surrounding diversity. Participants learn about ways they can incorporate anti-bias education into their work with young children and create environments of equity for all children. Ensuring that child care environments are high quality, equitable and inclusive will help build and nurture social emotional competencies and prepare children for success in school and in life. Including All of Us provides an opportunity for teachers to practice self-reflection and develop an awareness that will have a positive impact on their teaching, child care skills, and family interactions.

This in-person, free program is six hours in length and can be taught in one six-hour session or two, three-hour sessions. **The program is approved in the MiRegistry system** and completion certificates are available.

- To schedule a workshop at your location, contact Vivian Washington at washi138@msu.edu

Online Self-Paced Classes

These free online classes can be completed on your own at your own pace.

Positive Discipline: Helping young children learn self-control is important to their ability to be successful citizens now and in the future. Positive Discipline workshops help adults learn how their role in creating appropriate environments and experiences can strengthen that development. This class has a “parent and caregiver” track and a “professional” track. Certificates of attendance are available for all who take the class and professional development training hours are available for early childhood professionals. Credit in the MiRegistry system is available.
