DESCRIPTION:

August 28: Young at Art

Art experiences are more than just fun and creative outlets for young children — they are learning opportunities. Visual art, music, drama and pretend play, dance and creative movement all play an important role in the development of skills that will set children up for future academic success. This workshop will help you learn how early art experiences support healthy development and academic success for young children.

Extension Extras for Professionals is a collection of free online series of childcare workshops that provide guidance for early childhood professionals and caregivers of young children. Trainings are eligible for MIRegistry hours.

HOW TO REGISTER:
